BURGLARS BUSY FRIDAY NIGHT

Two Business Houses Entered and an Attempt Made on a Third.

The burglars in Bryan worked overtime last night, two stores being burglarized and an attempt made to enter another. Boyett's ice house on Caldwell street was entered, the lock on the front door being forced by the burglar. The cash register was rifled, but only a few cents were secured. Duke & Ayres' five and ten cent store was also entered. The burglars effected an entrance by breaking one of the panes of glass in the front door. The cash register was the only thing bothered in either store. They secured a purse containing about \$4, which belonged to Miss Lena Gilpin, an employee of the store. An attempt was also made to enter the rear of the D. Miller grocery store. The officers were notified and are at work on the cases, but no arrests have yet been made. The only clue left was three pieces of iron used in forcing the ice house lock.

A GREAT SUNDAY BATTLE PROMISED

Villa Army Expected to Arrive at Agua Prieta Tonight or Tomorrow.

[By Associated Press.]
Douglas, Ariz., Oct. 30.—The arrival of Villa's 2,500 men to attack Agua Prieta is expected tonight or tomorrow. A thousand visitors have flocked here to see the great Sunday fight, as they believe. The little red flag, danger signal marking the mine fields outside Agua Prieta were removed today. These mines will explode both from contact and by electrical devices controlled from the garrison. The Carranza forces have three lines of trenches built, according to the latest European reports. Carranza's men are hardly able to hold on account of the hardships of the march, and that the women and children camp followers are in a pitiable condition. Two troops of United States cavalry and a machine gun platoon were placed on guard today at Shafter's ranch, across the border, in front of Villa's advance guard of 500 men. General Calles reported that one of his advance guards killed twenty Villa advance guardsmen, yesterday and captured fourteen.
